BHMI Launches First Video in Concourse Animated Video Series

The first video in this animated series explains how the Concourse Financial Software Suite streamlines back office processing for electronic payment transactions.

Omaha, NE — June 4, 2017 — Baldwin Hackett & Meeks, Inc. (BHMI), a leading provider of enterprise software applications, has launched the first of a series of animated videos that illustrate the power and flexibility of the modules within Concourse Financial Software Suite. The first video explains how the five modules within Concourse work together to streamline the back office processing for electronic payment transactions and allow banks, processors, and networks to:

- Improve operational efficiency by automatically loading data from all transaction sources
- Proactively monitor business with access to current transaction data and processing activity
- Enhance productivity and easily meet changing needs with user configurable business rules
- Meet service level agreements with fast and accurate settlement processing
- Ensure data integrity by automatically identifying discrepancies and reconciling transaction data

- Win more business with competitive fee schedules and commission programs
- Reduce cost and complexity of managing the disputes workflow process
- Have peace of mind that no matter how fast a company grows, Concourse can handle the load

BHMI is inviting people to watch this short and entertaining video to learn more about the Concourse Financial Suite. To watch this video, click here.
